

**STATE OF UTAH
DEPARTMENT OF ENVIRONMENTAL QUALITY
DIVISION OF WATER QUALITY
SALT LAKE CITY, UTAH 84114-4870**

**Authorization to Discharge Under the
Utah Pollutant Discharge Elimination System**

**Storm Water General Permit for
Construction Activities for Which
Notices of Intent Were Submitted Prior to July 1, 2008
UTR200000**

PLEASE NOTE: This Storm Water General Permit for Construction Activities is of limited application. It applies only to those persons who submitted a valid Notice of Intent ("NOI") under the September 18, 2002 Storm Water General Permit for Construction Activities UTR100000 ("2002 Permit"), who paid the appropriate fee associated with that NOI, and who still hold a valid NOI as of the effective date of this Permit. Any person who wishes to be covered under a Storm Water General Permit for Construction Activities who does not meet these eligibility requirements must obtain coverage under the July 1, 2008 Storm Water General Permit for Construction Activities, UPDES Permit No. UTR300000.

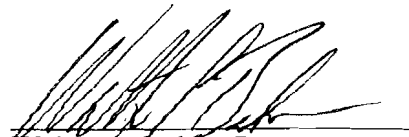

In compliance with the provisions of the Utah Water Quality Act, Title 19, Chapter 5, Utah Code Annotated 1953, as amended (the Act), operators of storm water discharges from construction activities anywhere within the State of Utah except Indian Lands, identified on a properly submitted Notice of Intent (NOI) form, are authorized to discharge from the construction site specified in the NOI, to waters of the State in accordance with the conditions and requirements set forth herein.

Only those operators of storm water discharges listed and identified in the properly submitted NOI are authorized under this general permit.

This permit shall become effective on July 1, 2008.

This permit and the authorization to discharge shall expire at midnight, June 30, 2010.

Signed this 26th day of June, 2008.

Walter L. Baker, P.E.

Executive Secretary,
Utah Water Quality Board

This Permit incorporates by reference all of the provisions and requirements of the September 18, 2002 Permit ("2002 Permit") with the following exceptions, which apply notwithstanding any contrary language in the 2002 Permit:

1. This Storm Water General Permit for Construction Activities UTR200000 applies only to those persons who submitted a valid Notice of Intent ("NOI") under the "2002 Permit", who paid the appropriate fee associated with that NOI, and who still hold a valid NOI as of the effective date of this Permit. It applies to those persons automatically; no new NOI is required.
2. No new NOIs may be submitted under this Permit, and NOIs under this Permit are not transferable. New owners or operators who did not submit a valid NOI under the "2002 Permit", or who did not pay the appropriate fee associated with that NOI before the effective date of this Permit are not covered by this Permit, even if a previous owner or operator of the same facility was covered under the "2002 Permit".
3. This permit does not cover any additional discharge locations other than those identified and still active as submitted in a valid NOI under the "2002 Permit".
4. This permit expires on June 30, 2010 and will not be extended, renewed or continued under any circumstances. Any person who wishes to be covered under a Storm Water General Permit for Construction Activities after that date must obtain coverage under the July 1, 2008 Storm Water General Permit for Construction Activities (UTR300000).
5. A permittee covered under this permit and not opting to obtain coverage under the July 1, 2008 Storm Water General Permit for Construction Activities (UTR300000) may also complete a Notice of Termination (NOT) as required by the "2002 Permit.
